

Session 12: Mitochondrial Physiology – an Integration

- **Presentation of Poser Awards**
- **Reflections on MiP2005**
- **MiP2007**
- **Future Perspectives**

MiP2007

5th Conference on Mitochondrial Physiology – MiP2007

Provisionally arranged for

14 to 18 September 2007

Ambleside, Lake District, England, UK

Organized as a Harden conference funded by the British Biochemical Society

Local organizers: Guy C Brown, Mike P Murphy

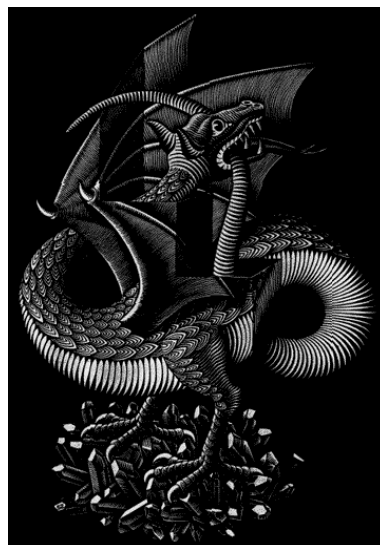

Arrival: Friday, 14th September

Departure: Tuesday, 18th September

Mitochondrial Medicine - Atlanta 2006

Mark Your Calendars!

**Sheraton Atlanta Hotel
Atlanta, Georgia, USA
June 14-17, 2006**

The 2006 UMDF Conference will
Focus on Developing Rational
Approaches to the Treatment of
Mitochondrial Disease.

Course Objectives:

- Basic mechanisms of cellular energetics
- Regulation of cellular energetics
- Concepts of mitochondrial disease therapy

Invited Speakers:

- Britton Chance, PhD, ScD, MD, *Eldridge Reeves Johnson University*
- Bruce Ames, PhD, *Children's Hospital Oakland Research Institute*
- Salvatore DiMauro, MD, *Columbia University*
- Eric Shoubridge, PhD, *McGill University*

The committee is in process of inviting more of the top experts to fill four full days of meetings. Don't miss this exciting new format -- join us in Atlanta!

2006 SYMPOSIUM PLANNING COMMITTEE:

John Shoffner, MD, *Course Director, Horizon Molecular Medicine*
 Bruce H. Cohen, MD, *The Cleveland Clinic Foundation*
 William Copeland, PhD, *NIEHS, Research Triangle Park, NC*
 Richard H. Haas, MB, BChir, *University of California, San Diego*
 Charles L. Hoppel, MD, *Louis Stokes Veterans Affairs Medical Ctr*
 Keshav K. Singh, PhD, *Roswell Park Cancer Institute*
